

Healthy Eating, Made ...

Easy!

A temperature controlled cooler, loaded with fresh, local, healthy meals, snacks and drinks!

How it Works

1. Cooler is regularly stocked by the Clean & Colorful Kitchen.
2. Customer swipes credit card to open the cooler to review items.
3. When the cooler is closed, the customer is charged for any items removed.
4. Inventory is remotely managed and the cooler is restocked as needed.

Team & Company Benefits

1. 24/7 access to a variety of fresh, local, healthy snacks and meals for breakfast, lunch or even to take home for dinner!
2. Boosted team and employee productivity from regular access to fuel designed to support optimal cognitive function.
3. No time wasted leaving the office to find something (anything?) to eat or stopping on the way home to grab dinner for the family.
4. Rotating weekly menu to keep everybody interested and eager to eat well!
